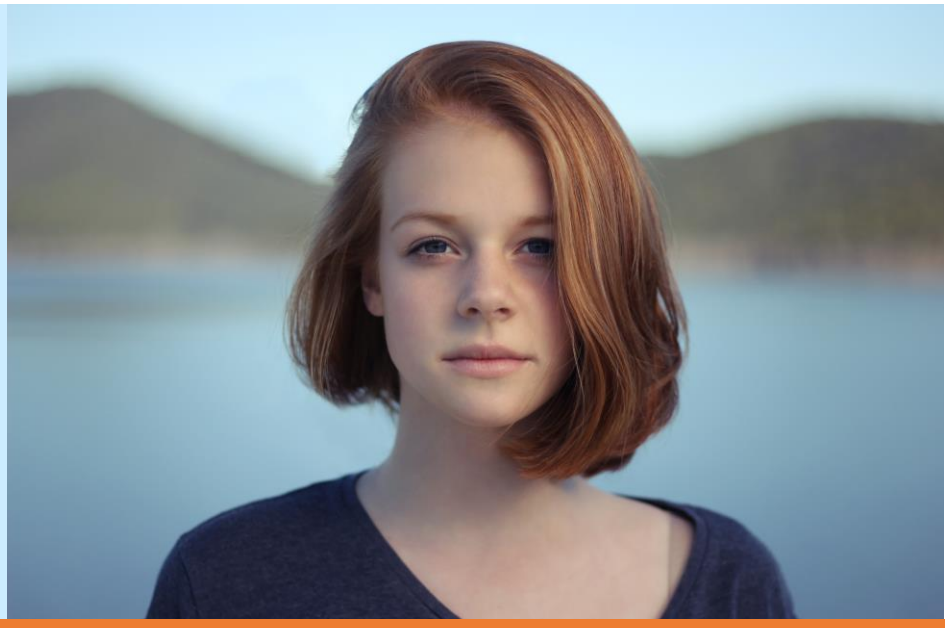
Research Opportunity for Females 14+

If you find social interactions much more challenging or distressing than your peers, we invite you to participate in a research study of females 14 years or older.



In **SOCIAL SITUATIONS**, do you often find yourself...

CONFUSED? ANXIOUS? EXHAUSTED?

Participation involves completing online questionnaires and possibly a two-hour in-person session involving cognitive tests and a brief interview.

Depending on your level of participation, you will be compensated $5-$25.

Please contact us at social_study@byu.edu or 801-422-5977.
