## Course Information

### COVID and Masks

The University policy at the moment is that students are required to wear masks in class. Fully vaccinated faculty can take their masks off while teaching if an appropriate physical distance can be maintained. I have two children who are immunocompromised so I cannot afford to get COVID. We will strictly observe the University policy until further notice. If you are sick at all DO NOT COME TO CLASS. If you end up missing more than one class due to illness, we can make arrangements on a case-by-case basis.

### Description

In this course we will learn the building blocks of human behavior. We will learn how to assess and make decisions about human behavior and some applications for changing human behavior. Two major focuses of this class will be learning learning how to do *functional behavior assessments* and *data-based decision making* or *data-based individualization*.

### Prerequisites

The prerequisite for this class is an intense desire to help students across the spectrum of disabilities.

### Materials

	Item	Price (new)	Price (used)
	<u>Behavior Modification Principles and Procedures 6e - Required</u> by Miltenberger, R	180.00	135.00
	<u>Functional Assessment and Program Development for Problem Behavior 3e - Required</u> by O'Neill, R	150.00	112.50

### Grading Scale

A-	90%
B+	87%
B	83%

C+	77%
B-	80%
	73%
C-	70%
D+	67%
D	63%
D-	60%
E	0%

### Grading Policy

All quizzes are administered during class. **You cannot make up any quizzes.** You will be able to drop your lowest quiz score. The reason for dropping the lowest quiz score is to account for an emergency. It is not to account for just having an off day.

Late assignments are a struggle for me and a burden for my TA. So, if you turn in an assignment late, we will try to get it graded, but cannot guarantee that it will get graded. Additionally, if we do grade a late assignment, it will receive only half credit.

I recognize that life happens. So, if you need some particular accommodation for your circumstances, please let me know and to the extent that we can, we will work something out. However, coming to me after the fact makes it difficult to be helpful, so please let me know in advance.

Finally, I want to be absolutely clear that your grade in this class (or any other class) does not matter if you have not mastered the material. When you are working with a challenging student, he will not care what grade you got in this class. He will only care about your ability to help him succeed in school and life. **PLEASE DO NOT FOCUS ON YOUR GRADE IN THIS CLASS. FOCUS ON LEARNING THE MATERIAL WELL AND THE GRADE WILL FOLLOW.**

At their best, grades are a very vague approximation of what you have learned and what skills you have developed. The process of evaluation and grading is not precise. When we grade your work, there will always be an element of "making a judgement". You may disagree with the judgement what we have made, but we typically will not change grades based on a disagreement about a judgement. If we have made a mistake, which we do, let us know and we'll make the correction.

### Participation Policy

Please come prepared with at least one question for each class period. You don't have to ask a question each class period, but come prepared with a question. We have limited time together and a lot to learn.

### Attendance Policy

Your attendance will be tracked via Nearpod. If your attendance becomes a problem then your grade may be adjusted accordingly.

### Classroom Procedures

Expectations:

1. Be present (physically, mentally, and spiritually)
2. Be curious (ask questions, wonder why, look for contradictions, look for applications)
3. Be generous/gracious (help where you can, allow others to make mistakes, try to understand others)
4. Be determined (stick with it, give your best effort)

### Study Habits

Eyring\_Henry\_1997\_10.pdf [Download \(plugins/Upload/fileDownload.php?fileId=f88f776e-nFlc-9Fmz-jSgj-f33dcd8f4095&pubhash=earGZwF1rVJEq\\_jvXDBgRjb4uf3heQPPpW\\_FGx5AB0Yqc\\_C49ibLx\\_H3RTCxWizMWxNcoWYjxiWFLCd\\_Jddiag==\)](#)

The standard work load, as prescribed by the university, for a class is 3 hours outside of class for each hour in class. So, for this class you should anticipate devoting 7.5 hours of time to this class outside of class. If you find that you are not spending that much time on this class, please consider how you might learn the material better by devoting more time to it. For example, you could re-read the chapter or work on committing certain terms or concepts to memory. You could prepare questions to ask when you come to class (please seriously consider doing this). Your goal should not be to "complete the work" it should be to master the material.

If you find that you need to do more than 7.5 hours of preparation outside of class in order to be prepared for class, let me know and we'll adjust accordingly.

### Notes

I reserve the right to make changes to the syllabus and the course in response to class performance, class feedback, or both. This will be a unique semester and we will need to make changes so, please be flexible as we sort through the challenges of this semester.

feedback. My ability to become a better teacher is dependent on getting feedback. Please feel free to give me feedback on my teaching, the class, or any other aspect of my behavior. Feedback will not always lead to making a change, but without it no change can be made.

A behavior analytic explanation of learning includes emitting behavior and having our behavior shaped. Shaping requires **Diversity and Inclusion**

In the CPSE Department, we value and respect every person and seek to promote multicultural competence. Consequently, we need to take steps to listen to, learn from, and respect one another, such as proactively considering others' views and persisting to find common ground and mutually beneficial solutions when differences inevitably occur. Awareness of "the gift of personal dignity for every child of God"(i) includes seeing both similarities and differences without simplification, overgeneralization, or minimization of historical and ongoing oppression – with an explicit intent to “eliminate any prejudice, including racism, sexism, and nationalism(ii)...regardless of age, personal circumstances, gender, sexual orientation, or other unique challenges.”(iii) Our aim of interpersonal unity and collective wellbeing requires welcoming diverse perspectives and experiences as we “work tirelessly to build bridges of understanding.”(iv) Achieving the ultimate unity we seek, a Zion community, entails genuine efforts to maintain mutual trust, fostered by principles of equity, charity, collaboration, and inclusiveness. If you witness actions or intentions counter to these objectives, we request that you please kindly share your perspectives with those involved rather than remain silent, and if we faculty are part of the problem, we invite you to speak with us, the department chair, or college dean. When you witness actions supportive of inclusion or indicative of multicultural competence, please also share those positive observations to foster a synergistic climate in our class and program.

## Assignments

### Assignment Descriptions

#### Define personal behavior change

Sep  
15

Due: Wednesday, Sep 15 at 11:59 pm

Write an operational definition of the behavior that you are going to work on changing for your first personal behavior change project. Include the following:

1. An operational definition of the behavior (make sure it meets the components we have discussed in class),
2. The criterion you would like to achieve,
3. How you will measure the behavior (e.g., minutes of reading per day, number of versus per day, oz of water per hour).

#### Quiz #3

Sep

**Personal Behavior Change Project**

Oct

04

Due: Monday, Oct 04 at 11:59 pm

Please include the following in your personal behavior change project.

1. Operational definition of the behavior (must be a behavior)
2. Description of the intervention that you used to try to change the behavior. Please describe the behavior in enough detail that someone could replicate the intervention.
3. Explanation of why you selected that intervention. Please use behavioral language to provide a justification for the intervention (e.g., did your intervention address the function of the behavior or increase the response effort or introduce a competing contingency?)
4. Provide a line graph showing a baseline and intervention phase. Use the [observechange.org](http://observechange.org) spreadsheet.
5. Provide a description of why you think the intervention did or did not work (it doesn't have to have worked) and what you might change on your next try, if it didn't work.

Quiz #9

Oct

06

Due: Wednesday, Oct 06 at 11:59 pm

Quiz #10

Oct

11

Due: Monday, Oct 11 at 11:59 pm

**FBA: Define problem behavior 1**

Oct

13

Due: Wednesday, Oct 13 at 11:59 pm

Write an operational definition of ONE problem behavior of a student. The definition must be observable and measurable and must not be a dichotomous variable (e.g., yes or no).

Please also include the criterion of success and measurement method.

**\*\*All of FBA 1 should be completed on a student in your practicum setting\*\***

Oct  
13

Due: Wednesday, Oct 13 at 11:59 pm

### FBA: Indirect data collection 1

Oct  
20

Due: Wednesday, Oct 20 at 11:59 pm

Please submit your indirect observation using the FAST form. All parts of the form need to be completed. Submit a hypothesis as to the most likely function of the problem behavior. Your hypothesis statement should follow the format of the examples in the FBA book on p.22 in the Key Point 2.1 box. Make sure that the form is legible. If you take a picture of the form, make sure it's big enough that I can read it. If I can't read it, you won't get credit. (you can view your submission after you post it to ensure that it is how you would like it to look)

**\*\*All of FBA 1 should be completed on a student in your practicum setting\*\***

### Quiz #12

Oct

Due: Wednesday, Oct 20 at 11:59 pm

### Quiz #13

Oct  
25

Due: Monday, Oct 25 at 11:59 pm

### FBA: Direct observations 1

Oct  
25

Due: Monday, Oct 25 at 11:59 pm

Please submit the following:

1. Operational definition of the behavior (ensure it meets all components as described in class)
2. Hypothesis statement from the indirect observation
3. Functional Assessment Observation Form
4. New hypothesis statement (see p. 22 of FBA book)
5. Justification for your hypothesis statement (explain how you came to that conclusion). Data should be used and thought process explained.

Make sure that the form is legible. If I can't read it, you won't get credit. (you can view your assignment after it is submitted to ensure it looks the way you would like it to)

**\*\*All of FBA 1 should be completed on a student in your practicum setting\*\***

### Quiz #14

Oct  
27

Due: Wednesday, Oct 27 at 11:59 pm

### FBA: Functional behavior statement 1

Oct  
27

Due: Wednesday, Oct 27 at 11:59 pm

Please submit a statement of the function of the problem behavior as determined by your indirect and direct evaluations. The statement must include antecedent variables, the behavior, and consequence variables. The statement should be in the form of the examples on p. 22 of the FBA book. Also include a justification for the functional statement (i.e., explain how you came to the conclusions that you came to).

**\*\*All of FBA 1 should be completed on a student in your practicum setting\*\***  
This is essentially equivalent to showing your work on a math problem.

### Midterm

## University Policies

### Honor Code

In keeping with the principles of the BYU Honor Code, students are expected to be honest in all of their academic work. Academic honesty means, most fundamentally, that any work you present as your own must in fact be your own work and not that of another. Violations of this principle may result in a failing grade in the course and additional disciplinary action by the university. Students are also expected to adhere to the Dress and Grooming Standards. Adherence demonstrates respect for yourself and others and ensures an effective learning and working environment. It is the university's expectation, and every instructor's expectation in class, that each student will abide by all Honor Code standards. Please call the Honor Code Office at 422-2847 if you have questions about those standards.

### Preventing Sexual Misconduct

Brigham Young University prohibits all forms of sexual harassment—including sexual assault, dating violence, domestic violence, and stalking on the basis of sex—by its personnel and students and in all its education programs or activities. University policy requires all faculty members to promptly report incidents of sexual harassment that come to their attention in any way and encourages reports by students who experience or become aware of sexual harassment. Incidents should be reported to the Title IX Coordinator at [t9coordinator@byu.edu](mailto:t9coordinator@byu.edu) or (801) 422-8692 or 1085 WSC. Reports may also be submitted online at <https://titleix.byu.edu/report> (<https://titleix.byu.edu/report>) or 1-888-238-1062 (24-hours a day). BYU offers a number of resources and services for those affected by sexual harassment, including the university's confidential Sexual Assault Survivor Advocate. Additional information about sexual harassment, the university's Sexual Harassment Policy, reporting requirements, and resources can be found in the University Catalog, by visiting <http://titleix.byu.edu> (<http://titleix.byu.edu>), or by contacting the university's Title IX Coordinator.

### Student Disability

Brigham Young University is committed to providing a working and learning atmosphere that reasonably accommodates qualified persons with disabilities. A disability is a physical or mental impairment that substantially limits one or more

impaired persons with disabilities, chronic illnesses, emotional disorders (e.g. depression, anxiety), learning disorders, and attention disorders (e.g. ADHD). If you have a disability which impairs your ability to complete this course successfully, please contact the University Accessibility Center (UAC) 2170 WSC or 801-422-2767 to request a reasonable accommodation. The UAC can also assess students for learning, attention, and emotional concerns. If you feel you have been unlawfully discriminated against on the basis of disability, please contact the Equal Opportunity Office at 801-422-5895, [eo\\_manager@byu.edu](mailto:eo_manager@byu.edu), or visit <https://hrs.byu.edu/equal-opportunity> (<https://hrs.byu.edu/equal-opportunity>) for help.

### Covid 19 Statement

While COVID 19 conditions persist and until further notice, students and faculty are required to wear face coverings at all times during class; faculty are not at liberty to waive this expectation.

Students who feel sick, including exhibiting symptoms commonly associated with COVID 19 (fever; cough; shortness of breath/difficulty breathing; chills; muscle pain; sore throat; new loss of taste or smell; etc.) should not attend class and should work with their instructor to develop a study plan for the duration of the illness.

### Devotional Attendance

Brigham Young University's devotional and forum assemblies are an important part of your BYU experience. President Cecil O. Samuelson said, "We have special and enlightening series of devotional and forum assemblies...that will complement, supplement, and enrich what will also be a very productive period in your classrooms, laboratories, and libraries. We look forward to being with you each Tuesday...and hope that you will regularly attend and bring your friends and associates with you...A large part of what constitutes the unique 'BYU experience' is found in these gatherings where the Spirit has been invited and where we have the opportunity to discuss and consider things of ultimate worth and importance that are not afforded to the academic community on almost any other campus" (from the address "The Legacy of Learning", 30 August, 2005). Your attendance at each forum and devotional is strongly encouraged.

### Diversity and Inclusion in the Classroom

"Because we feel the depth of God's love for His children, we care deeply about every child of God, regardless of age, personal circumstances, gender, sexual orientation, or other unique challenges" (President Russell M. Nelson, "The Love and Laws of God," September 2019). As a university community we strive to foster an educational environment that promotes the personal dignity of every student and accept individual responsibility to eliminate racism, sexism, and nationalism. Our course participation reflects our understanding that every individual is a child of Heavenly Parents. We create learning environments in which every individual is motivated to express their opinions and perspectives and ask questions to augment discussions and learning. We listen to, learn from, and strive to consider thoughtfully the opinions of others. We use language that is polite, considerate, and courteous—even when we strongly disagree.

### Mental Health

Mental health concerns and stressful life events can affect students' academic performance and quality of life. BYU Counseling and Psychological Services (CAPS, 1500 WSC, 801-422-3035, [caps.byu.edu](http://caps.byu.edu)) provides individual, couples, and group counseling, as well as stress management services. These services are confidential and are provided by the university at no cost for full-time students. For general information please visit <https://caps.byu.edu> (<https://caps.byu.edu>); for more immediate concerns please visit <http://help.byu.edu> (<http://help.byu.edu>).
